

Project Initialization and Planning Phase

Date	26 August 2026
Team ID	-
Project Name	Food Ordering Behaviour and Consumer Trends
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-5 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" they are after - what are they trying to achieve?	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way - what do they have trouble with?	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problems or barriers exist - what needs to be solved?	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

Example:

I am	I'm trying to	But	Because	Which makes me feel
I am A Restaurant Owner	I'm trying to Understand customer ordering patterns and identify the most popular cuisines and meal types.	But I cannot easily analyze customer order data.	Because The data is large and difficult to interpret manually.	Which makes me feel Uncertain while making menu planning and business decisions.

I am	I'm trying to	But	Because	Which makes me feel
I am A Food Delivery Manager	I'm trying to Improve customer satisfaction and delivery performance.	But I cannot quickly identify customer preferences and delivery trends.	Because The available data is not presented in a clear and visual format.	Which makes me feel Frustrated as it affects service quality and decision-making.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A Restaurant Owner	understand customer ordering patterns and identify the most popular cuisines and meal types	I cannot easily analyze customer order data	because the data is large and difficult to interpret manually	uncertain while making menu planning and business decisions
PS-2	A Food Delivery Manager	improve customer satisfaction and delivery performance	I cannot quickly identify customer preferences and delivery trends	because the available data is not presented in a clear and visual format	frustrated as it affects service quality and decision-making
